ENTREPRENEURIAL & HORN TEACHING EXPERIENCE

Founded the Greater Rockwall Youth Symphony (GRYS) in 2022, which will serve Rockwall county and surrounding areas in North Texas. Our 501(c)(3) application for nonexempt status is currently pending. GRYS plans to provide musical enrichment for students while contributing to the betterment of the community. Students are encouraged to provide free concerts for vulnerable populations including: at-risk youth, seniors, veterans, and individuals with special needs. GRYS will also provide live music for Early Childhood Learning Centers in hopes that musical exposure will keep classical music alive for generations to come. Our goal is to bring the concert hall to the community while giving young musicians an artistic outlet. In essence, connecting kids with community through music. We will provide opportunities for students to receive community service while learning how to play in full orchestra as well as chamber ensembles. Programming will include standard repertoire along with music from video games, film scores and living composers. Upon receiving adequate sponsorship, donations and grants, GRYS plans to provide several scholarships for pro-bono lessons, obtaining instruments, attending music festivals and partial funding for college.

Founded the Dallas Horn Studio in 2020, which serves the greater DFW Metroplex area. Students not only receive private horn lessons, but also receive resume building and audition/interview skill development. Students have also been accepted into All-State and received prestigious scholarships..

Co-Founded the Florida Horn Studio in 2016 and served Palm Beach and Broward Counties. Worked with over 100 students in over a dozen schools and developed a private studio. Students were accepted into Florida All-State as well as received full scholarships to summer festivals including Aspen and Tanglewood. Former students also received full scholarships to attend Eastman School of Music as well as University of Michigan and a partial scholarship to attend the Royal Conservatory of Scotland. Also coordinated two student recitals and provided pro-bono lessons for those in need. Additional experience includes teaching a music appreciation class for students with special needs at a middle school for two years.

Co-Founded the Jewel Tones, a horn and harp duo in 2016. More than just a fancy bauble, the Jewel Tones are a striking and energetic ensemble that has been entertaining and educating audiences of South Florida for the past 6 years. The combination of French horn (Amanda Moskowitz) and harp (Kristina Finch), although uncommon, offers a vibrant sound pallet and musical flexibility that is sure to surprise! Much in the same way a jewel catches light, their tones bloom into a rainbow of music that encompasses all genres, and delights all audiences lucky enough to be caught in the prism. Contracted to perform several recitals annually.

CHAMBER MUSIC EXPERIENCE

Experienced in both woodwind, brass and string chamber ensembles. Recent performances include: Poulenc Sextet, Jongen Rhapsodie, Reinecke Trios, op. 188 and op. 274, Beethoven octet, Brahms Trio, Mozart horn quintet, Beethoven sextet as well as double woodwind quintets.
